Table reports OLS estimates. All regressions include country dummies but not shown for reasons of space. Td – estimates with treatment dummy, Tint – with treatment intensity. Robust standard errors are reported in parentheses. * indicates significance at the 10 percent level, ** indicates significance at the 5 percent level

Table reports OLS estimates. All regressions include country dummies but not shown for reasons of space. Td – estimates with treatment dummy, Tint – with treatment intensity. Robust standard errors are reported in parentheses. * indicates significance at the 10 percent level, ** indicates significance at the 5 percent level
